Dear Viv Blondek,

Providing high quality and safe care to support people at home.

Home Instead Senior Care Wrexham and Flintshire are a local family owned and operated home care provider registered in Wales that is also part of a family of over 200 Home Instead independently owned offices across the UK. We have local offices in Gresford and Buckley.

During these difficult times we continue to provide tailored and personalised packages of care and support to allow older adults to live independently at home. It is extremely difficult to get out into the community to discuss our services or find out about other services which may benefit our own clients, I have enclosed several leaflets which detail our home care services, if you have your own information you wish to share we would be more than happy to receive it and share for signposting.

Kind Regards

Matthew & Samantha Murray-James
Directors
