Subject: Re: Walking and cycling in Flintshire - we want the views of local communities

Dear All,

As you may already be aware, we are aiming to make journeys on foot or by cycle across Flintshire easier and safer for everyone, particularly those who don't currently walk or cycle often and people who use mobility aids. So over the coming month we will be undertaking an online consultation to give people the opportunity to get involved and we want to encourage as many people across Flintshire as possible to engage in this. It is important that people share their ideas with us because we use the ATNM to guide our work to improve walking and cycling within the county.

So that we can collect people's ideas and suggestions we have developed an interactive map that enables people to pinpoint places across the county and leave comments and feedback. This will help us make sure that the routes built for walking and cycling work for the whole community. The online map is open for comments to be added until 1 July 2021 so further information and the chance to leave feedback and add comments go to

<https://flintshire.commonplace.is/>

We would really appreciate your help and support to ensure we obtain widespread participation throughout the county. So, please could you share this opportunity with any and all contacts in your local networks and ask organisations that you work with or are aware of to circulate this to their contacts and networks as well.

Thank you in advance for your help with this and if you have any questions please do get in touch.

Jayne Rodgers
